

<p>NATIONAL SHILOH BREEDERS REGISTRY <b>CANINE DNA COLLECTION FORM</b></p>
--

**INSTRUCTIONS FOR COLLECTION SAMPLE:**

1. Keep this document for your records. Do not send to Lab.
2. Remove both swabs from packaging. Insert each swab in dog's mouth between cheek & gum. Slide swabs in & out & twirl to get the most saliva possible. Do not touch the brush end of the swabs with your fingers.
3. Insert both swabs back into their individual packaging sleeve that it came in, making sure the sample is from the canine named on the label attached to the sleeve.
4. Place both sleeves (with swabs) in the enclosed SASE envelope and mail back to the **NSBR**.
5. Put in your check or money order for **\$40.00** made out to the **NSBR**. We will mail to the lab for testing within three (3) days of receipt of your swabs.
6. The \$40. dollars covers the DNA certification of your canine and the cost of the kit.
